### COURSE DESCRIPTION:

Language Arts and reading classes for PreK are the foundation of language learning. We begin our learning journey by introducing phonics, in conjunction with picture storybooks and our SLOs and DIS's VISION MISSION, which familiarizes children with the art of English language and encourages children to read independently. To build a solid foundation for children, we carefully planned and constructed the k1 language course to connect the level with the coming grades. In the K1 language class, we encourage children to use grammatically accurate sentences to speak their own minds and share their ideas with others. By doing so, children are practicing using the English language that they have learned in their daily life. Basic writing is also introduced in the class, by using individual black boards and lined notebooks to write the alphabet when they are ready to.

This Language Art program is effective because it is based on a multi-sensorial approach, which helps children to learn from different experiences.

### COURSE OBJECTIVES:

At the end of the course, students should be able to:

#### Reading and Phonics

- Hear, identify, and manipulate individual sounds of the vocabulary.
- Manipulate phonics by using sounds of the representative words.
- Identify phonics.
- Use simple books that contain simple phonic to encourage independent reading.
- Look for books that are appropriate for their age and language development.

#### Speaking and Listening

- Speak with clear diction.
- Use new vocabulary in a sentence.
- Speak with appropriate intonation
- Choose appropriate words to use.

#### Writing

- Identify and write parts of given words.
- Draw pictures to match sentences or sequence of events.

### ASSESSMENT:

- Oral assessment:
  - After each lesson, students' ability to answer topic related questions is part of the oral assessment.

- At the end of each unit, the ability to point out and elaborate on the flash cards that represent the key vocabularies of the unit will be another oral assessment.
- Checklist:
  - A checklist made according to the standards will be used to assess children's understanding after each unit.
- Observation:
  - Teachers will have spontaneous observations to identify children's understanding on the topic that is given.
- Written Assessment:
  - At the end of each semester, a written exam is in place.
