

KINDER 2 ART

COURSE SYLLABUS

GRADE LEVEL: K2
TEACHER: Adriana Nolin

SCHOOL YEAR:2022-2023
EMAIL:anolin@dishs.tp.edu.tw

COURSE DESCRIPTION:

This course is designed to consistently give students a sound basis for visual literacy and appreciation, accomplishment in art making, and an opportunity to self-express ones ideas and emotions through different medias and techniques. Through experiential and experimental learning and critical engagement, we will foster understanding of and respect for the crucial contributions of art to society.

At the most basic level, Kindergarten Art students will be introduced to a wide range of media techniques (mosaics, water prints, collages, painting, still life art, step by step sketching, printing, etc.) and art room supplies, in a respectful and fun environment, encouraging creativity, self-expression and critical thinking skills. Students will reinforce preschool subject content such as colors, shapes, comparisons and vocabulary. Students will enjoy art class one period a week (45 minutes) during the school year.

COURSE OBJECTIVES:

At the end of this course, students will be able to:

Observe the repeated patterns made by our surroundings, such as patterns made by the leaves on a tree or the bricks in our building.

Identify lines, colors, shapes and forms, and textures; and observe changes in the shadows and in the sunlight. Identify perspective, noticing how objects appear to be larger when close and smaller when far away.

Use the visual information to create works of art on paper and in three-dimensional constructions, using geometric shapes and lines that express feelings.

Discover how artists use the same lines and colors that they do in their own work.

Use new vocabulary as they tell why they like a work of art they made and learn about a variety of artwork in the world around them.
