

DRAMA

COURSE SYLLABUS

GRADE LEVEL: G5

SCHOOL YEAR: 2022-23

TEACHER: Ms. Emily Howe

EMAIL: ehowe@dishs.tp.edu.tw

COURSE DESCRIPTION:

Theater is a collaborative form of fine arts. It is the outcome of many different roles all combined to create an experience of an act, provoke emotions and transmit morals to the public. But theater is also about enjoying and “playing” together with the others. It is a process where everyone is welcome to express and show their inner world. For young children, it is also an opportunity to learn and understand themselves, their emotions, expressions and their movements. The dramatic act requires people in different sectors, on stage or outside, in front of the stage or behind it. During our course, the students will get in touch with different aspects and roles of the dramatic process and will acquire skills and elements that can accompany them in the future. They will boost their imagination skills, find out about their own abilities and strengths, obtain stage and public speaking confidence, learn how to move through space and respond to cues, improve their creative and critical thinking, learn how to collaborate and improve their acting, directing, writing, scenography, managing and production skills. This course is a safe space where creation is motivated and inspiration is supported. It is imperative that we continue the theatrical education from where it was left off, take its fruits and build a path that leads to growth and intelligence. Every educational achievement made will not be seen separately but consequently to the previous one in order to create an educational experience where the students can smoothly learn in coherence.

COURSE OBJECTIVES:

COURSE RULES:

There are two general rules for this class. All of which are streaming from the need to improve the dramatic experience of each and every student in the classroom. Such rules are:

- Respect: Respect one another during the performing process. Respect your fellow students as they are performing, on stage or trying their best in the classroom and respect the teacher while they are teaching. We

want our work to be done through love and support. No disrespect is allowed in any form for instance by talking while someone is performing. We want to create a safe environment where everyone is allowed to be heard and expressed. That way we can light our paths with trust and compassion. An environment where everyone is valued and respected is an environment where everyone feels welcome and comfortable to express themselves and that is what I will be supporting in my class. No laughing at or making fun of anyone is allowed.

- **Participation:** Actively participate, deeply focus. Listen to the instructions and work on the assignments given. Concentrate during class. Let's use our time constructively.

A person's behavior and manners matter. Theater is produced out of the harmonic cooperation between people with assigned responsibilities. In order to achieve its purpose, all people involved in the process of creating, need to follow those general rules made to keep the process ethical and peaceful. By not following them, we create an obstacle for the team to work and eventually bloom. That is why not following the rules above affect the assessment process and grades.

Let's create a comfortable, safe space for all where art of creating is a process treated like a newborn in need of care and love to grow.

Copying (plagiarism) is a serious offense and a form of theft. In certain cases, it is also a criminal offense. It is defined as taking words, phrasing, sentence structure, or any other element of the expression of another person's ideas, and using them as if they were your own. Plagiarism is a violation of another person's rights, whether the material stolen is great or small – it is not a matter of degree or intent. Plagiarism has serious consequences.

Any act of plagiarism will result in an automatic zero on the entire assignment
